“Enter Valid mobile number” displayed in red when mobile number is not valid. Only numeric allowed to be entered into the textfield

“Registration Successful” message displayed for a short while and then the user is logged in automatically

Appointments Tab before user is logged in

Logging in a user

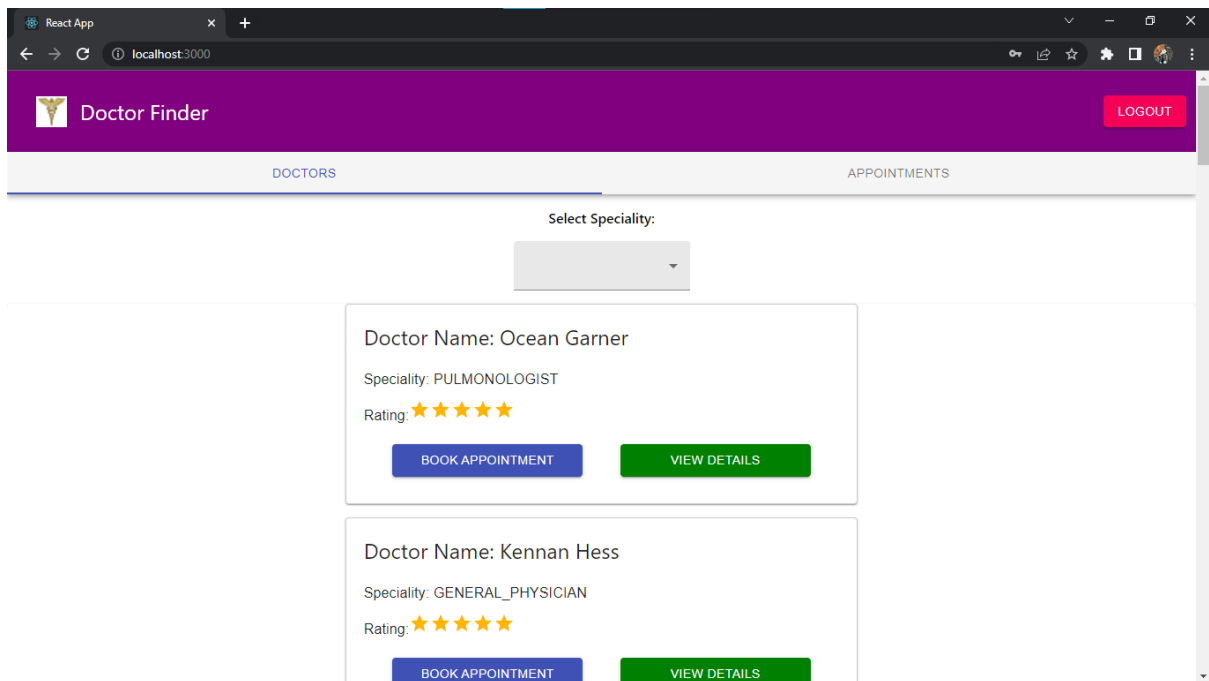

The screenshot shows a web browser window with the URL `localhost:3000`. The application header is purple with the text "Doctor Finder" and a "LOGIN" button. Below the header, there are two tabs: "DOCTORS" and "APPOINTMENTS". The "APPOINTMENTS" tab is active, displaying a modal form titled "Authentication". The form has two sections: "LOGIN" (selected) and "REGISTER". The "LOGIN" section contains fields for "Email *" (with the value `dipank@gmail.com`) and "Password *" (with masked characters `*****`). A "LOGIN" button is at the bottom of the form.

Appointments Tab after user is logged in

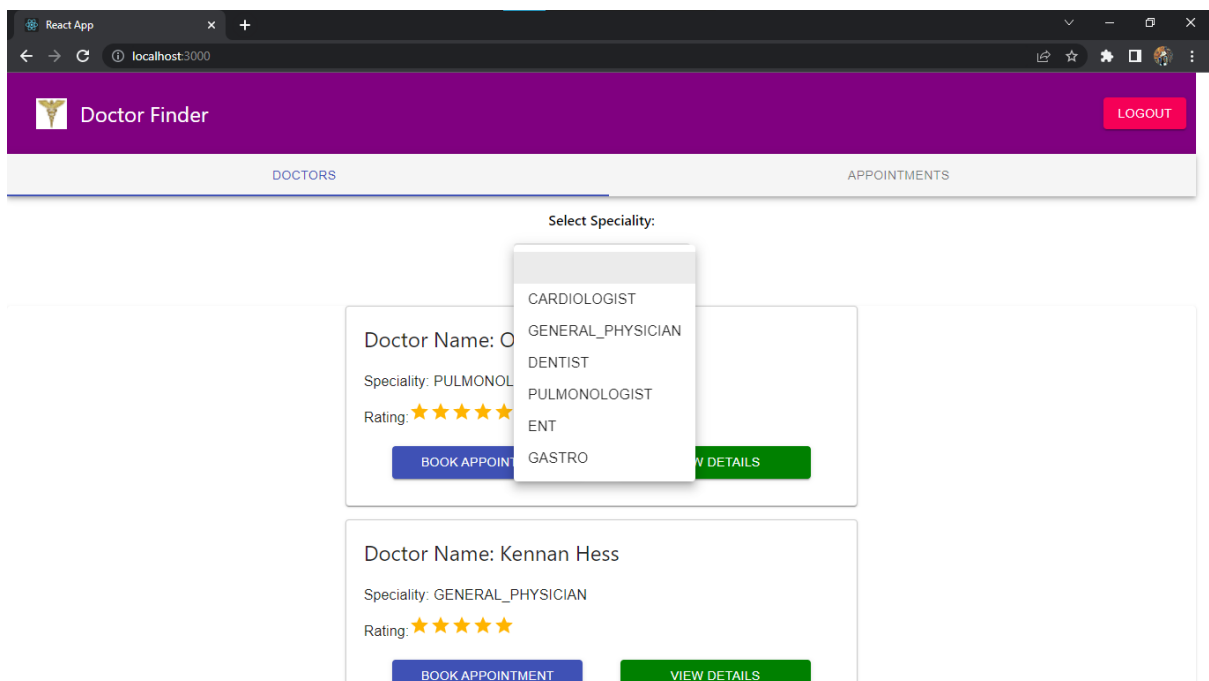

The screenshot shows the same web browser window, but the "APPOINTMENTS" tab is now active and displays a list of appointments. The header is purple with the text "Doctor Finder" and a "LOGOUT" button. The "DOCTORS" tab is also visible. The appointments list contains three entries:

- Dr: Judith Best**
Date: 2022-04-13
Symptoms: dry cough, fever
Prior Medical History:
[RATE APPOINTMENT](#)
- Dr: Martha Rivers**
Date: 2022-04-13
Symptoms:
Prior Medical History:
[RATE APPOINTMENT](#)
- Dr: Scarlett Rivers**
Date: 2022-04-13

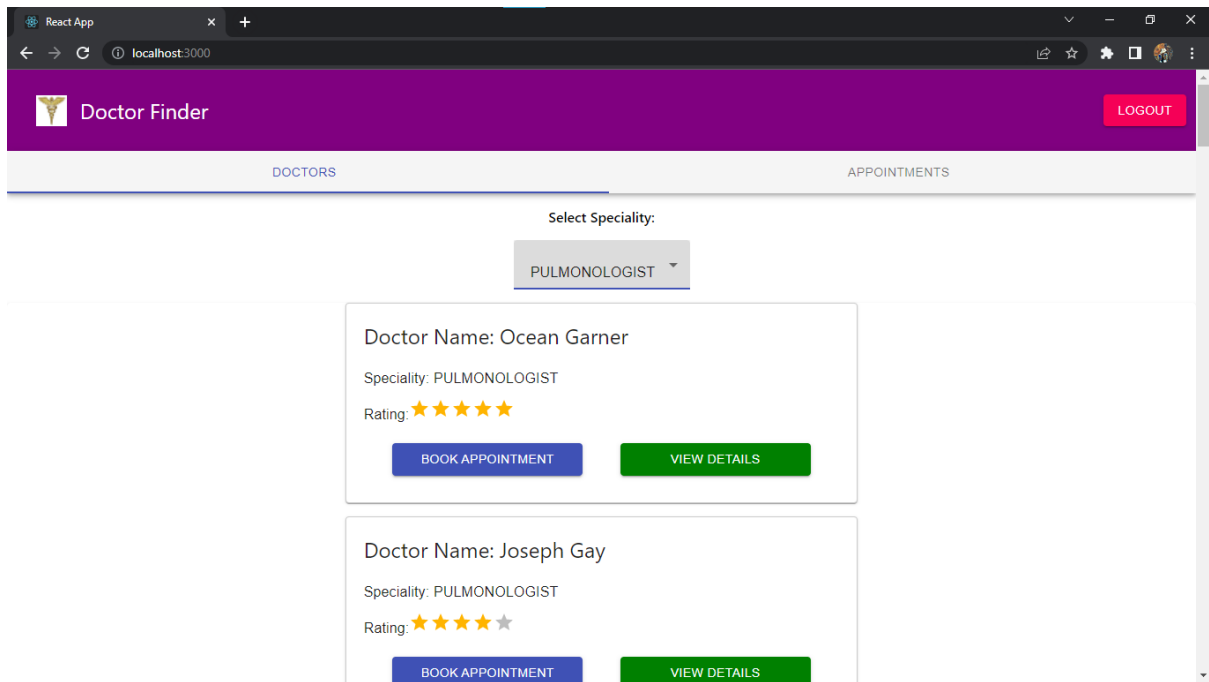

After Successful login using correct credentials.
